

baker hughes hospitality

In honor of their grand opening of a new, state-of-the-art science facility, Baker Hughes wanted to throw a “meet the neighbors” event. They came to us because we have the expertise to coordinate and execute an event that included creating the venue from scratch. The event was a huge success, helping everyone better understand the work Baker Hughes does as a top-tier oilfield services company.

- Attended by over 200 employees, executives, influencers and community leaders
- Catered lunch and entertainment followed by a behind-the-scenes tour of the expansive new facility
- Branded content included multiple displays to learn about the company’s product lines
- Positioned Baker Hughes as the company that works in, and gives back to its community
